

TOYOPUC products status

The following table shows TOYOPUC products status

About RoHS directives

About the product for EU markets, our actions are as follows:
 ◎: The product already complies with RoHS Directive. Please refer to the table about shipment timing.
 ○: And, about the timing may change earlier or later due to the inventory adjustment.
 About the following products, we will remove the CE marking.
 ×: We will not support RoHS compliance. CE marking product is not available
 △: We will not support RoHS compliance. Please use the succeedable product instead of the product.

About the product which does not comply with RoHS, we will sell continuously for other than the European market. Please order the products after confirming the production situation. (Please confirm the shipping destination place.)
 The Directive does not apply to spare parts or cables for use in equipment put on the market before July/22/2014 with the purpose of repair, or the reuse, or updating its functionalities or upgrading its capacity.
 When you put the product as the spare part, which does not comply with RoHS, on European market, you have to prove that the product has been on the market before the time.

※About product name column, ※ mark module's function is restricted. Please contact us for more details.
 *1: Do not provide repairing services for Safety PLCs.
